OVERVIEW

QUALITY-FOCUSED FULL-STACK DEVELOPER & CREATIVE PROFESSIONAL

Creative and resourceful developer with 20 years of experience in front-end design, UI/UX, and marketing. Now expanding into full-stack development with a strong foundation in building responsive, user-centered applications using technologies like React. Merges design expertise with technical skills to deliver visually compelling and high-performing digital solutions. Proven ability to collaborate with cross-functional teams, manage projects, and deliver accessible products that meet both user and business needs.

SKILLS

LANGUAGES | HTML(5), CSS(3), SCSS (SASS), JSX, Javascript, ES6, SQL, Typescript
FRONT-END | React, Redux, Bootstrap, SASS, Material-UI
BACK-END | Node, Express, REST APIs, GraphQL, MongoDB, MySQL
TOOLS | Git, GitHub, Heroku, Jest, React Testing Library, Figma, Adobe CC, Atlassian, WordPress
ACCESSIBILITY | ADA/AODA, WCAG 2.1, AudioEye

RECENT EXPERIENCE

Full Stack Developer & Registered Graphic Designer

Constance.Design + Development | Remote | 2024 – Present

Delivering project-based development and design solutions across multiple platforms, with an emphasis on elegant UI/UX and clean, efficient code.

- Developing responsive, accessible user interfaces using React, Figma, and WordPress
- Building and maintaining scalable websites optimized for performance, SEO, and WCAG compliance
- Managing sensitive client work, including legal projects, with precision and discretion

CONSTANCE MITCHELL

Full Stack Developer & Digital Marketing Strategist

Wheels Automotive Supplies Inc. | Stoney Creek, ON | 2023 – 2024

Drove digital innovation for an international B2B eCommerce retailer offering over 30,000 automotive marketing products for OEM and used vehicle dealerships.

- Spearheaded development of a custom Adobe Commerce B2B site integrated with Odoo ERP, rebuilding complex relational databases
- Implemented Klaviyo into the CMS, as well as designed and deployed optimized, responsive email campaigns using HTML/CSS
- Completed accessibility upgrades including AudioEye integration and a successful provincial audit for AODA/ADA compliance

Front-End Developer & Marketing Manager

TecTecTec! | Remote | 2019 - 2022

Managed brand-focused digital experiences and front-end development for an international B2C eCommerce retailer, specializing in golf and hunting products.

- Front-end development of the company's eCommerce platform using HTML, CSS, and JavaScript
- Managed social media and digital strategy, including directing and producing an online commercial
- Designed email marketing in MailChimp, Amazon+ listings, packaging, multi-language manuals, and other print materials

PROJECTS

Financial Advisor App

React, TypeScript, Vite, Material UI – In Progress

<https://github.com/ConstanceDesign/mcneillyfinancialgroup>

- Spearheaded development of a custom Adobe Commerce B2B site integrated with Odoo ERP, rebuilding complex relational databases
- Implemented Klaviyo into the CMS, as well as designed and deployed optimized, responsive email campaigns using HTML/CSS
- Completed accessibility upgrades including AudioEye integration and a successful provincial audit for AODA/ADA compliance

Portfolio Website – constance.design

React, HTML/SCSS, Git, JavaScript

<https://github.com/ConstanceDesign/constance-rose-design>

- Designed and developed a fully responsive, custom portfolio site
- Showcases integration of UI/UX design with clean, maintainable code
- Hosted on a personal domain and version-controlled via Git

Tech Init Easy

Node.js, Sequelize, Handlebars, MVC

<https://github.com/ConstanceDesign/tech-init-easy>

- Developed a CMS-style blog with secure user authentication and session handling
- Built helper functions in Handlebars and structured logic using MVC architecture
- Connected MySQL database via Sequelize and deployed via Heroku
